

## The Pillar Advantage

The challenges of running a business are constantly evolving. Companies rely on trusted advisors to navigate the complex nature of commerce. Digital payments are also evolving. Do you have a trusted advisor to help you navigate data security, customer experience and business efficiencies? Pillar Payments is more than a payment services company. We are trusted advisors, solution architects and merchant advocates.

The founding members of Pillar Payments have more than 60 years of experience in the payments industry. We have built and managed payment solutions for Fortune 500 companies in a variety of verticals, including retail, e-commerce, business to business, hospitality and technology firms.

It's our mission to deliver that expertise to every one of our clients, to lower cost, enhance customer experience and streamline your revenue. Pillar Payments understands that payment acceptance is critical to every business and we are committed to helping our clients achieve consistent, sustainable and profitable growth.
