

# Turn Wait Times into Revenue

Designed to engage your customers, educate your patients and entertain your patrons.

## Content For Your Business

### Engage

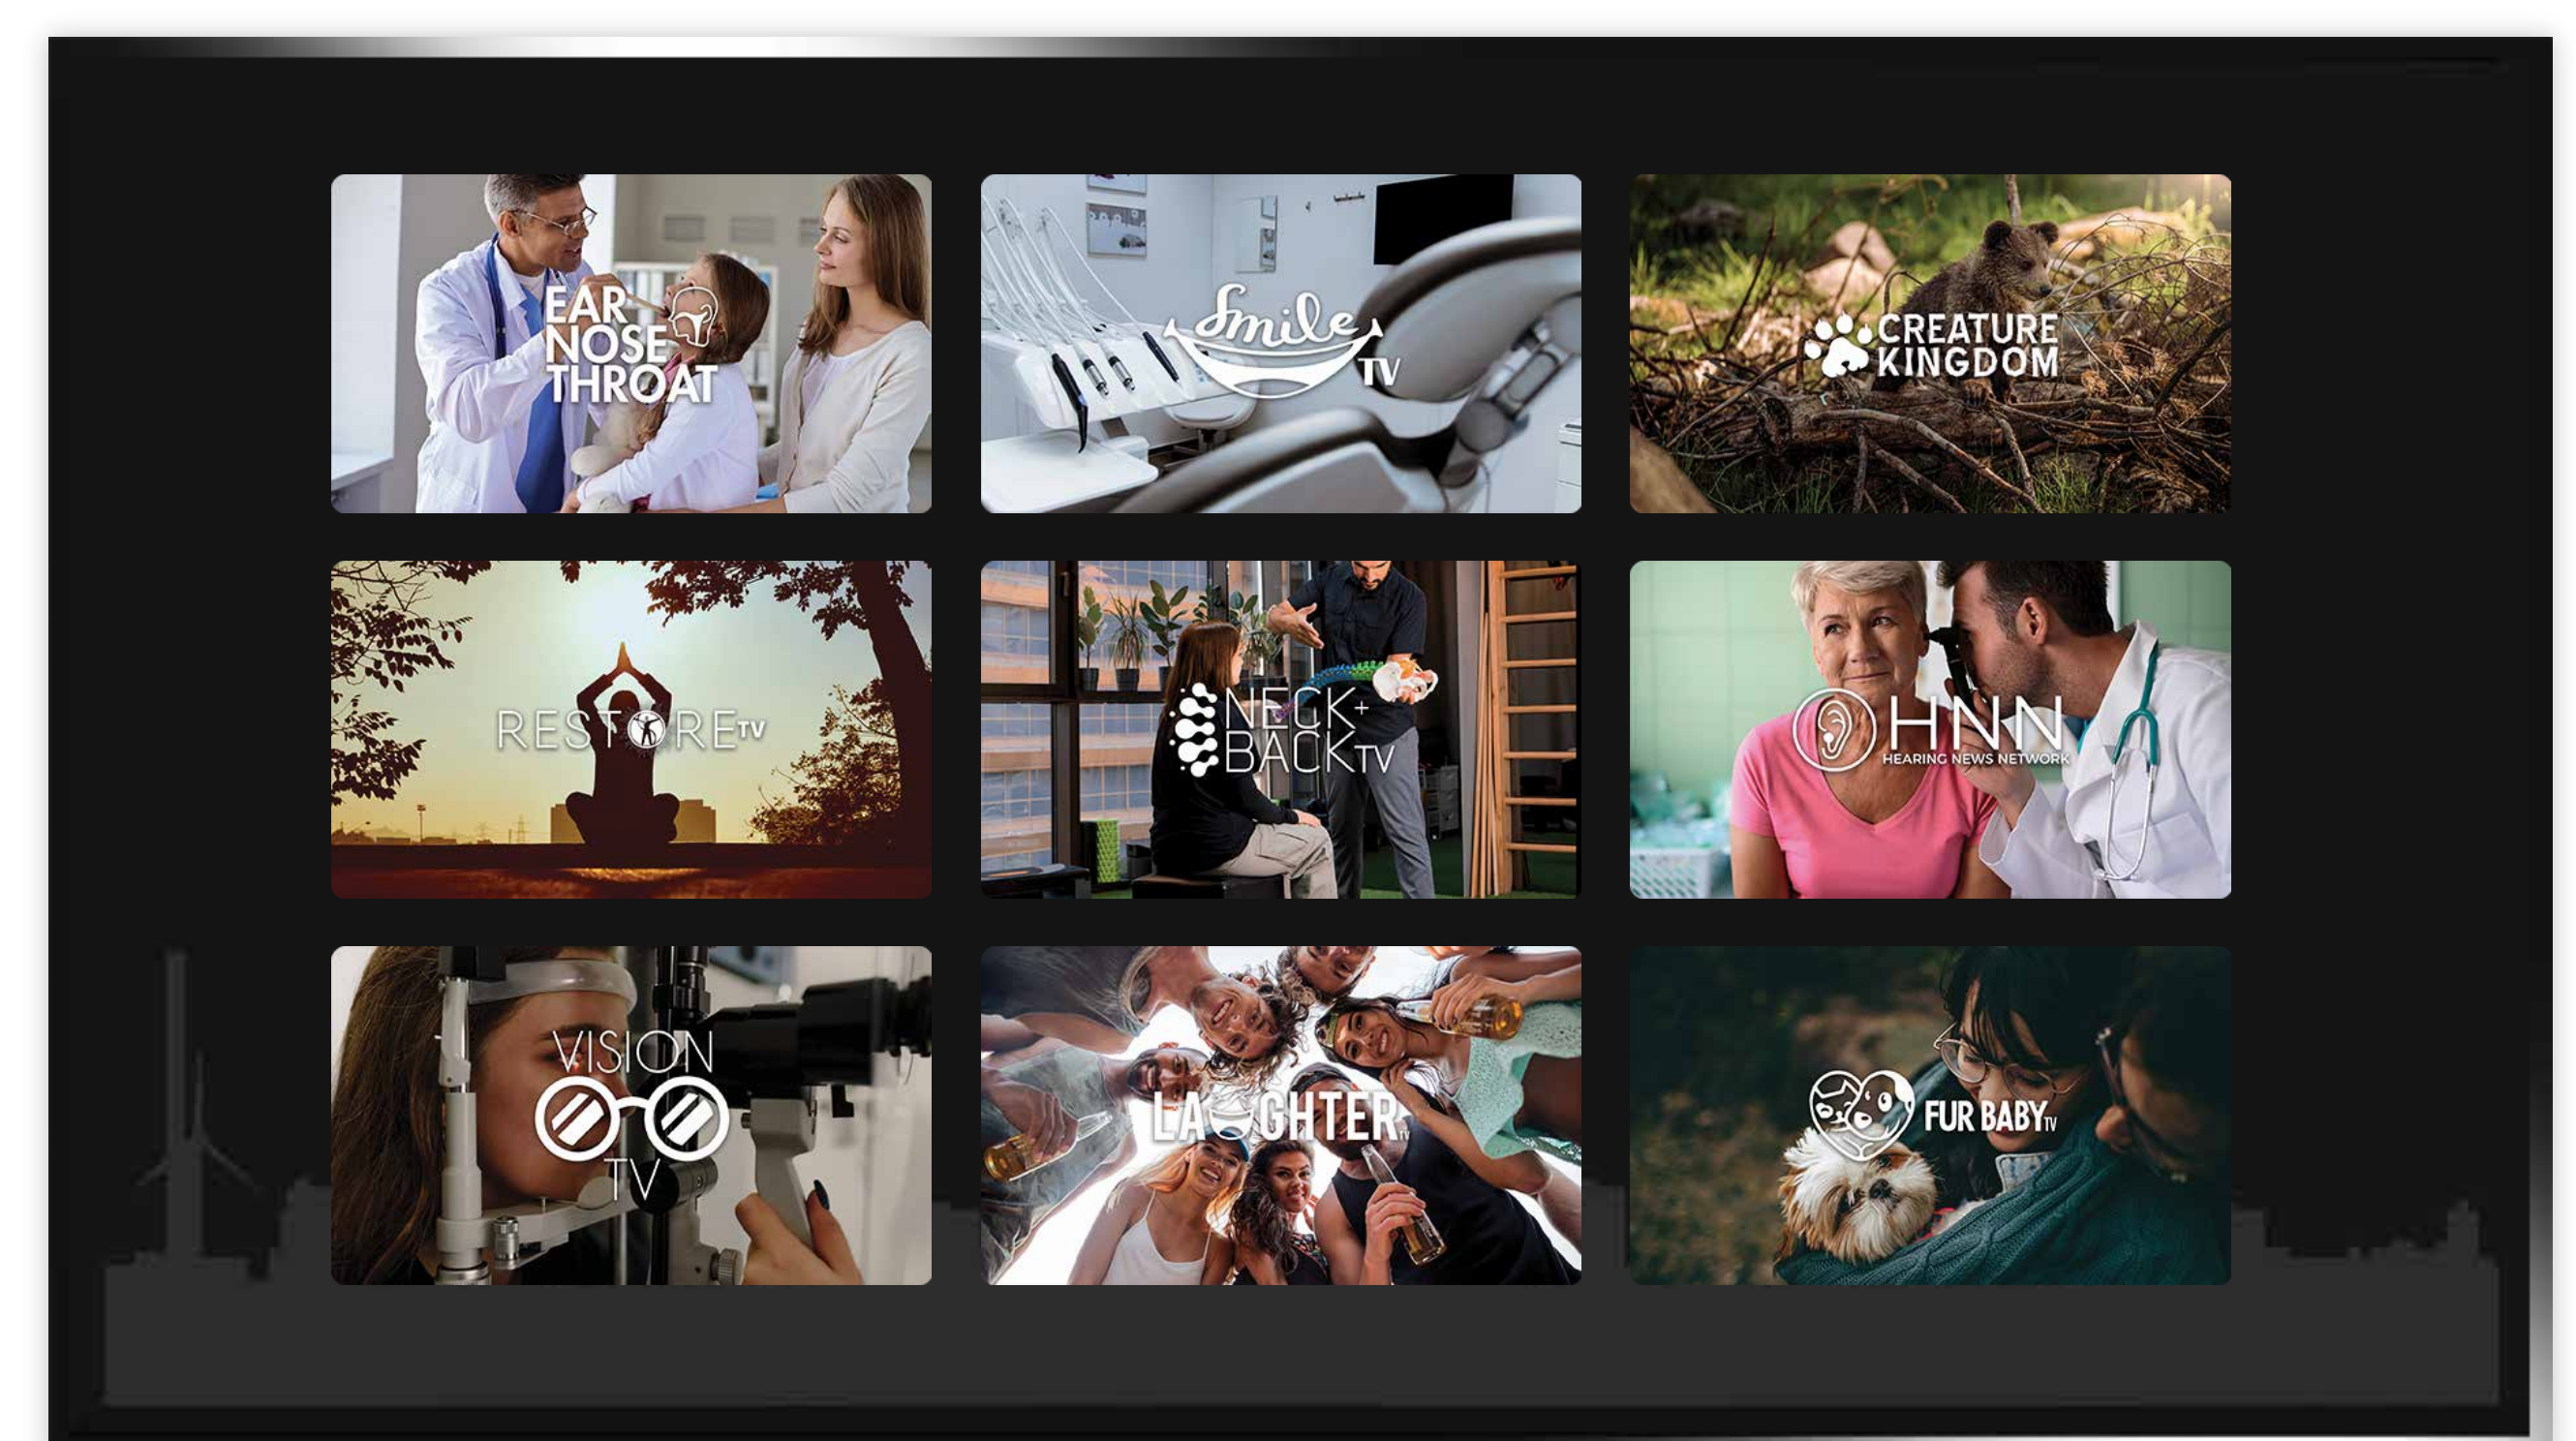

Set your business or clinic apart from the competition. Make a lasting first impression with video content that engages your customers, building a relationship that positively impacts their buying decisions.

### Entertain

Elevate your customer's understanding. Share, inspire, inform and educate clients. Why just wait when you can educate? Our digital signage experience transforms idle minutes into informative moments.

### Educate

Standard TV programming isn't elevating your business. Leverage content in your business to entertain and connect with your customers! We revolutionize streaming content to compliment and boost your business.

**69%**

of Customers rely on video to educate their purchase

**44%**

of Consumers prefer to watch Video

**52%**

of Companies use Video to educate their audience

## Monitize Your Waiting Room

### Promote Services

With a display screen in front of every patient and visitor, it is a lot easier to inform them about the services offered in your practice.

### Reduce Cost

Eliminate magazine and cable subscriptions. This is an immediate money saver and focuses your patients' attention on Beltone messaging rather than negative news stories, meaningless programming or worse, your competitor's ads.

### Improve Reviews & Referrals

Engaging patients with brand messaging, product launches and promotions elevates the professionalism of your clinics. Improved perception of quality not only allows for premium pricing, it improves positive reviews & referrals. And positive reviews and referrals equals more revenue.
